

Enhances the biodegradation of plastic trash bags to **over 74% in three years** when disposed in a biologically active landfill.*

BioFlex Technology from Aluf Plastics is the latest innovation to be added to our portfolio of sustainable products.

*ASTM D5511 tests that represent biologically active landfills (appropriate facilities may not be available in all areas) on representative packages have shown over 74% biodegradation in 3 years.

Tough enough for any trash, without trashing our planet.

Stocked Items	Color	Size	Gauge Rating	Gallons
BIO RCX-3853X	Black	38x53	1.5 mil	50-55
BIO RCT-55XXH	Black	38x49	2 mil	50-55
BIO HD-404816C	Clear	40x46	16 mic	45
BIO 4347BF	Black	43x46	1.25 mil	56
BIO CF43462BK-BF	Black	43x46	2 mil	56
BIO CF-434820B-BF	Black	43x46	20 mic	56
BIO CSR562	Clear	43x46	1.25 mil	56
BIO HC-242408C	Clear	24x24	8 mic	7-10
BIO HC-243308B	Black	24x33	8 mic	12-16
BIO HC-243308C	Clear	24x33	8 mic	12-16

*Bioflex can be added to almost any bag
